

Billy Kniffen

Billy Kniffen is a Water Resource Associate in the Biological and Agriculture Engineer Department with the Texas A&M AgriLife Extension Service. He has served as a Water Resource Specialist and county agent for TAMU for 30 years and is a TAMU Board of Regents Fellow Service Award recipient. His efforts have been directed towards rainwater harvesting, land management and watershed stewardship. He is vice president and education trainer for the American Rainwater Catchment Systems Association (ARCSA), conducting educational workshops, trainings and installing demonstration rainwater collection systems all across Texas, the United States and provides support internationally. He co-authored the Rainwater Harvesting: System Planning manual used in training Texas rainwater professionals and the technical trainings provided by ARCSA. He received his degree's from Abilene Christian University and Tarleton State University. He and his wife Mary live in Menard, Texas in a home solely dependent on rainwater.
